Description:

In this award-winning memoir Stanley Hauerwas gives a frank, transparent account of his own life interwoven with the development of his thought. Unique to this paperback edition is a new afterword that offers Hauerwass reflections on responses to Hannahs Child.

Hannah's Child is the story of a theologian who developed from modest family surroundings in a similarly modest Methodist Church in Texas. I know the truth of the early story, for I got to see parts of it as a member of the community. He continued his years through a difficult marriage but with much success in his chosen field. While becoming an internationally recognized theologian, he had doubts and uncertainty all along the way just as each of us has, and he was brave enough to share them. The title came from a Bible story in which a woman, Hannah, prayed for a child, promising to dedicate him to God. Hauerwas' mom told him she prayed a similar prayer for his birth. I enjoyed the read from cover to cover.

Hannah's Child: A Theologian's Memoir in Biographies and Memoirs pdf books

Hannah's Child: A Theologian's Memoir
